

Cast in Steel

a-ha

Meet me at the turnaround
Stop your car and look around
There I will be waiting
Forget for once how everything
Fades...It fades away

I'll never get over
What we said
It lingers in my head
I'll always remember what we knew
One hundred percent to be true
To be right, to be real
Set in stone and cast in steel
We made a pact
Eye to eye
Cross your heart and hope to die

Can you see the end of things?
Can you see it happening?
Feel the ashes on the wind
Don't you hate how everything
Falls...Just falls away

I'll never get over
What we said
It lingers in my head
I'll always remember what we knew
One hundred percent to be true
To be right, to be real
Set in stone and cast in steel
We made a pact
Eye to eye
Cross your heart and hope to die

It lingers in my head...
I'll always remember what we knew
One hundred percent to be true
Set in stone and cast in steel
To be right and to be real
Set in stone and cast in steel
