

## Real Meaning

a-ha

Don't change me  
I'm gonna break if you try

Don't change you  
You know the tears  
I'm gonna cry

And I sure will  
Miss us when we're gone

You're the real meaning of the sun  
It shows you off to everyone  
You're the real meaning of the sun  
It shows you off to everyone  
The real meaning  
I want the real meaning

Don't fix me  
It breaks my heart  
To see you try

Don't fix you  
And leave me for  
Some other guy

And I sure will  
Miss us when we're done

You're the real meaning of the sun  
It shows you off to everyone  
You're the real meaning of the sun  
It shows you off to everyone

When I'm thinking about you fondly  
Then I'm thinking about the only  
Real meaning of the sun

You're the real meaning of the sun  
It shows you off to everyone  
You're the real meaning of the stars  
They guide me to the places you are  
The real meaning  
I want the real meaning
