

# Rolling Thunder

a-ha

It's the weight below us  
And our fate before us  
Like a rolling thunder  
Rolling up from under  
Don't ever leave this way  
I know it's getting harder, but hey  
If your world should crumble, yeah  
And the rain gets in  
Running through your skin  
Soaking you outside in

The rain ... see it falling  
But I don't know how long it will be  
Until the storm is over  
I'll wait  
I will

Like the years of silence  
To the growing violence  
Like a rolling thunder  
Rolling up from under  
Don't ever leave me this way  
Wait a little longer, yeah, stay  
Through all the night I tumble, yeah  
When the rain comes in  
I will shed my skin  
Losing it from within

See the rain ... it's falling  
But I won't be leaving your side  
Until all is over  
I'll wait  
I will

So many lifetimes you've been waiting for it  
All through the good times  
When you tried to ignore it  
You hesitate  
It's come too late  
You hear the sound  
Of when wheels engage

When the rain comes in  
I will shed my skin  
Losing it from within
