

## Under the Makeup

a-ha

This is how it ends  
Each on our own  
Unless we pretend  
Meanwhile our hearts turn to stone  
Shaped by wind  
Boulders slowly molded over time  
Here within

I, I want to see you  
Under the makeup  
Let all the worry  
Vanish away  
I want to hold you  
Like it's the first time  
Like you were still mine

If you wanted out  
Didn't I let you go  
If you wanted in  
Didn't I make it so  
It could be  
Tenderness escapes so easily

I, I want to see you  
Under the makeup  
Let all the worry  
Vanish away  
I want to hold you  
Like it's the first time  
Like you were still mine

I, I want to see you  
Under the makeup  
Let all the worry  
Vanish away  
I want to touch you  
Like it's the first time  
Like you were still mine

I, I want to see you  
Under the makeup...
