

Kick Me Again Jesus

A House

It's just the way
When you smile you're laughing
And 24 flowers is not a bouquet
And 24 hours is not a week-end
Oh you'll probably never know

Kick me again Jesus
Kick me again
Kick me again Jesus
Kick me again

It's just the way
When you throw your arms around me
How many dreams must I awake to?
How many arms must I fall into?
Oh you'll probably never know

Kick me again Jesus

Kick me again
Kick me again Jesus
Kick me again

It's just the way
When you paint that picture of me
While I'm painting romance you're painting no chance
I'll still spend hours thinking of you
Oh you'll probably never know

Kick me again Jesus
Kick me again
Kick me again Jesus
Kick me again

Kick
If you kick me anymore I'll die
