

Love Is

A House

If I were rain
You could watch the colours bleed
If I were time
We could go to where we're happy
If I were tease
Every evening we'd die laughing

I am love
I am love
Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love never is

If I were words
I would turn a phrase of you
If I were star
The sky-like eye would open
If I were the sea
A wave from you might drown me

I am love
I am love

Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love never is

Love, love is everywhere
Every day
Every way
She's got a mind of her own
Love is bigger than me
Bigger than you so
Just let in in and stop thinking to yourself that

I am love
I am love
Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love is not not good enough (love is...)
Love never is
