

## Criticize

## A Life Divided

I am yours  
You are me  
With this world  
In between  
On our way  
To a dream  
Everything feels incomplete

And I criticize my heaven  
God and his beautiful angels  
Must be something  
They forgot today  
The most important date  
On their schedule

Hold the line  
Don't give up  
Keep my words inside the dark  
Let it rain  
For a while  
Hope the sun brings back your smile

Heaven knows  
'cause he sees  
Heaven's gay  
As it seems  
Doesn't care  
Doesn't move  
Got no single word  
For me and you
