

Heart on fire

A Life Divided

I don't wanna talk
when you don't hear me
I don't wanna love
if you can't feel it
and I don't wanna smile
when you are laughing about me
and I don't wanna die,
when you don't care at all.
(Do you care at all?)

I set your heart on fire, your heart on fire
Set your heart on fire, your heart on fire
I'll do what I can
to be more than I am for you
tonight

I don't wanna call
when you're not listening
I don't wanna crawl
If you're not watching
And I don't wanna fly
when you ain't coming with me
and I don't wanna die
when you don't care at all
(Do you care at all?)

I set your heart on fire, your heart on fire
Set your heart on fire, your heart on fire
I'll do what I can
to be more than I am for you
tonight

For some reasons it's not how it's supposed to be
feels like searching for the way in a one way street
God given but a devils mistake
I'll be your slave if you just let me stay

I set your heart on fire, your heart on fire
Set your heart on fire, your heart on fire
I'll do what I can
to be more than I am for you
tonight
