

## Heart on fire

A Life Divided

I don't wanna talk  
when you don't hear me  
I don't wanna love  
if you can't feel it  
and I don't wanna smile  
when you are laughing about me  
and I don't wanna die,  
when you don't care at all.  
(Do you care at all?)

I set your heart on fire, your heart on fire  
Set your heart on fire, your heart on fire  
I'll do what I can  
to be more than I am for you  
tonight

I don't wanna call  
when you're not listening  
I don't wanna crawl  
If you're not watching  
And I don't wanna fly  
when you ain't coming with me  
and I don't wanna die  
when you don't care at all  
(Do you care at all?)

I set your heart on fire, your heart on fire  
Set your heart on fire, your heart on fire  
I'll do what I can  
to be more than I am for you  
tonight

For some reasons it's not how it's supposed to be  
feels like searching for the way in a one way street  
God given but a devils mistake  
I'll be your slave if you just let me stay

I set your heart on fire, your heart on fire  
Set your heart on fire, your heart on fire  
I'll do what I can  
to be more than I am for you  
tonight
