

# I Hope You'll Make It To The West

A Life Divided

Welcome home  
Welcome son  
I will let you down, I will let you down  
Can you hear this sound?  
Do you hear them cry?

You've been left outside tonight  
There's no one here to hold you  
You're on your own  
On your own  
Since you've opened up your eyes  
They ignored your cries  
You're on your own  
On your own

You don't have a place to run  
You're in strangeland  
It goes on and on  
You're on your own  
Living day by day inside  
It doesn't seem to end  
It's long by long  
You're on your own

Ten percent of my lunch helps  
To prevent this young boy from death  
But I'm sorry for you  
I'm sorry for you  
I hope you'll make it to the west

Welcome home□

Been forgotten all your life  
All is left in strife  
You're on your own  
All alone  
Hide inside your hate tonight  
Betray your dying bride  
They were wrong  
It's not your fault
