To Fix the Gash in Your Head

A Place to Bury Strangers

I want to beat you up I don't care, 'cause I won't feel sorry I want to take you down I know that you will see in glory I want to beat you in I'll make you feel my sorrow I want to take you out I'll come find you tomorrow Every time you leave I qo down I'll just wait for you to turn around And kick your head in I want you to let it drop I don't care, 'cause I won't feel sorry I want to mess you up Keep on spending time with glory I want to beat you up You make me feel so hollow I want to take you down Every word you said you'll swallow Every time you leave Well I go down I'll just have to wait till you turn around And kick your head in I want to beat you up I don't care, 'cause I won't feel sorry I want to take you down I know that you will see in glory I want to beat you in I'll make you feel my sorrow I want to take you out I'll come find you tomorrow Every time you leave I qo down I'll just wait till you turn around And kick your face in To fix the gash in your head To fix the gash in your head
