

I Do

A Rocket to the Moon

You get lost on your way back home, just about anywhere.
You sing off key to the radio, like nobody's there.
And I love that your Sunday's best is a holey pair of jeans
And I don't stand a chance when you smile.

Yeah the longer that we're together,
The good keeps on getting better,
I never thought that I would ever find someone like you.
Every day you show me I can,
Just when I think that I can't love you anymore than I do, I do
.

You change your hair colour every week, cause you're never quite sure of it.
And I know when you're mad at me, cause you tell me what I did
And all I think is beautiful, when I think of you,
And I still can't believe that you're mine.

Yeah the longer that we're together,
The good keeps on getting better,
I never thought that I would ever find someone like you.
Every day you show me I can,
Just when I think that I can't love you anymore than I do, I do
.

All I see is beautiful, when I look at you.

Yeah the longer that we're together,
The good keeps on getting better,
I never thought that I would ever find someone like you.
Every day you show me I can,
Just when I think that I can't love you anymore than I do
I can't love you anymore than I do, I do
I do.
