

## Where Did You Go?

### A Rocket to the Moon

She never knows when it's raining  
She only knows when it's cold  
She's always saying how she hates it  
How her story sounds so old

She packed her clothes in her suitcase  
Then put that case in her car  
She says she's gonna get so far gone  
Oh so far gone  
That she don't even care how far

Where did you go  
And you knew you didn't know me  
And you never wanted to figure me out  
I didn't know  
I never even saw it coming  
I'll wait all my life

So come back over to the east coast  
Baby, we'll figure out a way to make this work  
My chest is feeling empty, always  
And your only it's only cure

You know that I try so hard  
I try so hard  
And nothing seems to ever work  
It's like I'm running  
And I cannot stop, I cannot stop  
Oh you just love to make this hurt

Where did you go  
And you knew you didn't know me  
And you never wanted to figure me out  
I didn't know  
I never even saw it coming  
I'll wait all my life  
If you give me some time

She's all alone now  
She can't find her own way out  
Where I am the sun's down  
And she's caught up in her new west coast town

She's all alone now finding her way out  
California let me down  
She traded me for living the good life  
Staying up all night  
Darling can you hear me now?

Where did you go  
And you knew you didn't know me  
You never wanted to figure me out  
I didn't know  
I never even saw it coming  
I'll wait all my life

Where did you go (woahh)

I didn't know (woahh)

I didn't know  
I never even saw it coming  
I'll wait all my life  
If you give me some time

Give me give me  
Gi-give me some time  
Give me give me  
Gi-give me some time

Give me give me some time

Give me give me  
Gi-give me some time

If you give me some time
