

# Wherever You Go

## A Rocket to the Moon

An hour away from home  
And time's never felt this slow  
It feels like a week ago  
Do you feel it too?

I bet you went back to bed  
My pillow beneath your head  
Repeat last words I said  
I miss you

You're all I need  
So fall back to sleep

Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be

I saw you in Thompson Square  
The wind playing in your hair  
And down and down this way  
You've never been

And now everywhere I go  
It feels like I'm coming home  
I'll see you in a month or so  
But until then

You're all I need  
And all I see

Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be

Wherever I go, wherever I'll be  
Oh I just hope that you're thinkin' 'bout me  
And that you don't doubt my love if you're lonely  
Wherever you go, whatever you see  
You're not alone, you never will be  
Oh baby just know, wherever you go  
That's where I'll be  
Oh baby just know, wherever you go  
That's where I'll be
