## **Wherever You Go**

## A Rocket to the Moon

An hour away from home And time's never felt this slow It feels like a week ago Do you feel it too?

I bet you went back to bed My pillow beneath your head Repeat last words I said I miss you

You're all I need So fall back to sleep

Wherever I go, wherever I'll be Oh I just hope that you're thinkin' 'bout me And that you don't doubt my love if you're lonely Wherever you go, whatever you see You're not alone, you never will be Oh baby just know, wherever you go That's where I'll be

I saw you in Thompson Square The wind playing in your hair And down and down this way You've never been

And now everywhere I go It feels like I'm coming home I'll see you in a month or so But until then

You're all I need And all I see

Wherever I go, wherever I'll be Oh I just hope that you're thinkin' 'bout me And that you don't doubt my love if you're lonely Wherever you go, whatever you see You're not alone, you never will be Oh baby just know, wherever you go That's where I'll be

Wherever I go, wherever I'll be Oh I just hope that you're thinkin' 'bout me And that you don't doubt my love if you're lonely Wherever you go, whatever you see You're not alone, you never will be Oh baby just know, wherever you go That's where I'll be Oh baby just know, wherever you go That's where I'll be
