

# Reaching The Potential

A Silent Film

A scholar's wind in a boxing ring  
Went floating by on a hummingbird wing  
Wide enough to guide you in  
With a sun in rise, we started shivering

And anyway we know how  
We're gonna get our bellies full  
Living on a fault line  
Are we reaching our potential?

Animals in cages  
Actors on a payroll  
And maybe in our lifetime,  
Are we reaching our potential?

When you reach your potential,  
We reach our potential  
We'll be laughing with out bellies full  
Ooohhhh

Anyway we know how  
We're gonna get our bellies full  
While living on a fault line  
Are reaching our potential?

Animals in cages  
Actors on a payroll  
Maybe in our lifetime  
Are we reaching our potential?

With tires on a soapbox  
With orders for the front line  
We're fighting for our children  
Are we reaching our potential?

Runners in a rainstorm,  
To try to cross enemy lines  
I love you, do you love me?  
But are we reaching our potential?

When you reach your potential,  
We reach our potential  
We'll be laughing with our bellies full

When you reach your potential,  
We reach our potential  
We'll be laughing with our bellies, full  
Oooohhhhh
