You Will Leave A Mark

A Silent Film

I'm so ashamed
I'm so□ ashamed of all those trouble I have caused
and I am so ashamed of all these unopened doors
I'm so ashamed of what I have become

That all my heart is bursting again Don't leave this mark your eyes are turning away Ooooooohh, aaaaaaahh

I'm of the west
ID'm fair skinned
I deserve a bullet in my chest
If I've no religion and no reason to be scared
If I'm going to hell then I just dont care

That all my heart is bursting again don't leave this mark But your eyes are turning away Ooooooohh, aaaaaaahh (2x)

That all my heart is bursting again don't leave this mark But you'r eyes are turning away Ooooooohh, aaaaaaahh (2x)
