Save me The skin that's stretched across your bones The scent that lacks the innocence I know Cold front coming Like blisters, forming Through your pores Believe me You'll trust me darling I'm the sword inside your stone The rest of your life, May it rest, in my eyes Let me show you what it's like The rest of your life, May it rest, in my eyes Let me show you what it's like Meet me, at the skylines I'll wait for you to go I'll wait for you to go Meet me, at the skylines I'll wait for you to go I'll wait for you... Save me The skin that's stretched across your bones The scent that lacks the innocence I know Cold front coming Like blisters, forming Through your pores Believe me You'll trust me darling I'm the sword inside your stone The rest of your life, May it rest in my eyes Let me show you what it's like The rest of your life, May it rest, in my eyes Let me show you what it's like Meet me, at the skylines I'll wait for you to go I'll wait for you to go Meet me, at the skylines I'll wait for you to go I'll wait for you... Meet me at the skylines,

I'll wait, for you

Meet me, at the skylines

Meet me
Meet me
Meet me, at the skylines
Meet me at the skylines,
I'll wait, for you

I don't think you know,
What these words mean
I don't think you know
What we could be
But I will wait forever,
Cause I think you're the one

I don't think you know,
What these words mean
I don't think you know,
What we could be
But I will wait forever,
Cause I think you're the one

I don't think you know
