

# Save Me Tragedy

A Skylit Drive

I hear you  
I fell in love with the fame and greed  
I fell before but not quite this deep  
Somebody save me from the terror I've become  
And when my conscience is clear I will not bite my tongue  
It's only a minute more

I hear you screaming, "put down the gun!"  
These days I'm better off another casualty  
I know you're thinking this blade's the one  
But this is not your time to leave  
I hear you screaming  
You fell in love with a tragedy  
Yeah, you're just like me  
So come on come on come on  
This bullet is a curse  
What is your fate now worth?  
I know it seems like forever  
It's only a minute more

I hear you screaming, "put down the gun!"  
These days I'm better off another casualty  
I know you're thinking this blade's the one  
But this is not your time to leave  
I hear you screaming  
Don't lose faith, faith in me  
Save me from tragedy  
It's only a minute more

I hear you screaming, "put down the gun!"  
These days I'm better off another casualty  
I know you're thinking this blade's the one  
But this is not your time to leave  
I hear you screaming  
Don't lose faith in me  
I know just what you're thinking  
But I won't let you leave  
Save me, tragedy  
I know I won't be better off another casualty  
I hear you scream
