

Any more

A Whisper in the Noise

Any more, I wonder... I wonder what we're falling for
Any more, I wonder... break boy... break for the shore
If didn't mean that much
It never meant you'd understand

Crashing into the ground feels better than to drown
Any more, I wonder... I wonder what we're hiding for
Any more, I wonder... cause boy you ain't that far from the shore
It didn't mean that much

It never meant you'd understand
Crashing into the ground feels better than to drown
