

Anymore

A Whisper in the Noise

Anymore, I wonder... I wonder what we're falling for
Anymore, I wonder... break boy... break for the shore
If didn't mean that much
It never meant you'd understand

Crashing into the ground feels better than to drown
Anymore, I wonder... I wonder what we're hiding for
Anymore, I wonder... cause boy you ain't that far from the shore
e
It didn't mean that much

It never meant you'd understand
Crashing into the ground feels better than to drown
