

# Through Wounds We Soon Will Stitch

**A Whisper in the Noise**

So you've heard that the world is full of... shit  
Take it in through wounds we soon will... stitch  
Played the fool for far too long to... quit  
Oh so tired we really face this

Well it's a long drop in a... deep sea  
If we don't heed... we're drowning  
Now than far from free  
How far does it have to be

To climb... above  
To climb... above

I'm getting ready for the wrecking ball  
At the walls of basic needs  
It's closer now than you can see  
How close does it have to be

To climb... above  
To climb... above
