

## Cancer Dream

A Wilhelm Scream

You knew it all,  
Inside your head was graceful.  
You knew suffering was fair.  
Thank you much.

Do we deserve this type of fate?  
I need this now.  
Do we deserve this type of fate?

You knew the blood inside my veins was wasteful.  
You knew I was bound to wake up scared.  
I made you up.

Do we deserve this type of fate?  
I need you now.  
Do we deserve this type of fate?

Nobody needs nobody, after all.
