

# Be the First to Believe

A1

Be the first to believe  
Just one on one!  
That's the way we do it (baby) (2x)  
Baby, I can't always say  
What's on my mind, yeah  
New sensations  
Got me!  
Breaking out the love I feel inside  
Yeah, I'll take you to a wonderland  
You hit me right between the eyes  
I shoulda listened to ma mamma done told me  
You sent me soaring to the skies  
Ain't gonna listen to ma mamma done told me!!!  
Girl, this paradise is ours  
The planet moon and stars  
Believe in me baby  
You've got to believe  
Believe in me baby  
You've got to believe  
Believe in me baby  
Be the first to believe  
Baby, elevate our love into the skies  
Yeah, cool vibrations  
Rock me!!  
Fly me up to heaven in your eyes  
Yeah, it's magic when you hypnotise
