

# Critical Love

A1

Beautiful, critical, typical, cynical, physical, miracle love (2x)

We can stay up all night by the moonlight  
Watch the sunrise with the butterflies  
We can fight all night, we can yell and cry  
We never say goodbye  
We're always side by side

I will go where you go  
Side by side  
We are two, forever  
Together we will grow  
This is our fight  
It's now or never...

Beautiful, critical, typical, cynical, physical, miracle love (4x)

Some days we are afraid of waves  
Some days we surf 'em!  
You and me, we have our days  
And I don't wanna lose them

I will go where you go  
Side by side  
We are two, forever  
Together we will grow  
This is our fight  
It's now or never...

So..

Beautiful, critical, typical, cynical, physical, miracle love (4x)

We can, we can fall down,  
Down, down, down  
We never, we never hit the ground  
Ground, ground, ground  
Somehow (somehow), we always get up  
Up, up, up (yeah)  
Sometimes (sometimes), even to the top (even to the top...)  
I will go where you go

Beautiful, critical, typical, cynical, physical, miracle love (we got  
a miracle love..)  
Beautiful, critical, typical, cynical, physical, miracle love (we got  
a miracle love..)  
Beautiful, critical, typical, cynical, physical, miracle love (we got  
a miracle love..)  
Beautiful, critical, typical, cynical, physical, miracle love (we got  
a miracle love..)
