

# Everytime

A1

Lately I'm not who I used to be  
Someone's come and taken me  
Where I don't wanna go  
If I knew exactly what I have to do  
In order to be there for you  
When you were feeling low

And all the things we ever wanted  
Were once yours and mine  
Now, I know we can revive it  
All the love we left

R: Everytime I kiss I feel your lips and  
Everytime I cry I see your smile and  
Everytime I close my eyes I realise that  
Everytime I hold your hand in mine  
The sweetest thing my heart could ever find  
And I have never felt this way  
Since the day I gave your love away

Save me, I've fallen from my destiny  
You and I were meant to be  
I've thrown it all away  
Now you're gone  
It's time for me to carry on  
But baby I just can't go on  
Without you by my side

And all the things we ever wanted  
Were once yours and mine  
Now, I know we can revive it  
All the love we left

R:

We can survive it  
All the pain we feel inside  
You relied on me and now I've let you down  
Now, I promise you forever  
I will be the best I can  
Now, I know we can revive it  
All the love we left

Everytime I kiss I feel your lips and  
Everytime I cry I see your smile and  
Everytime I close my eyes I realise that  
Everytime I hold your hand in mine  
The sweetest thing my heart could ever find  
And I have never felt this way  
Since I gave your love away
