

# Fallen From Grace

A1

Is Anybody there? I come up for air  
Feels like I'm drowning  
Does anybody care?  
It makes no sense at all  
Such a long way to fall.  
I knew it was coming  
I could feel it in the air

Feels like I'm falling  
It's time but your stalling  
You said all you need is a little time and some space  
These words that you've spoken  
Have left me so broken  
Seems at this moment that  
I've fallen from grace

Is anyone around?  
My head hits the ground  
I feel like I'm no one  
I'm lost in the crowd  
It makes no sense at all  
So divided we fall  
I'm breaking my silence  
But you don't hear me call  
And you don't see me fall

Feels like I'm falling  
It's time but your stalling  
You said all you need is a little time and some space  
These words that you've spoken  
Have left me so broken  
Seems at this moment that  
I've fallen from grace

And everyday just feels the same  
I try so hard to walk away from everything I am  
Just closing in on me  
I just can't face the pain  
I sit around and wonder why?  
So many dreams can fade and die  
Well nothing is forever everything is never  
And I can't say goodbye

Feels like I'm falling  
It's time but your stalling  
You said all you need is a little time and some space  
These words that you've spoken  
Have left me so broken  
Seems at this moment that  
I've fallen from grace
