

# Funkin' Up

A1

Put it on to me  
I can hear you baby  
'Cause we've been  
Here once before  
I can feel the heat  
Don't you feel it baby?  
And it makes me  
Want you more

Didn't you tell me yesterday  
We gotta take it all the way

We're funkkin' up  
And I like it  
Now you're getting hot  
Give it all you've got  
We're funkkin' it up  
And I like it  
Now you're burnin' up  
Never gonna stop  
'Cause I like it, ooh,  
Don't you know  
I like it, ooh

And now  
You're close to me  
We got to move together  
And I've never  
Felt so sure

Your sexuality,  
I'm in a love hangover  
The rhythm of your body  
Is the only cure

Carried away  
Like butterflies  
Feeling the music  
Takes you high  
Baby, You know we're

We're funkkin' up  
And I like it  
Now you're getting hot  
Give it all you've got  
We're funkkin' it up  
And I like it  
Now you're burnin' up  
Never gonna stop

We're funkkin' up  
And I like it  
Now you're getting hot  
Give it all you've got  
We're funkkin' it up  
And I like it  
Now you're burnin' up

Never gonna stop

'Cause I like it, ooh,  
Don't you know  
I like it, ooh  
I like it, ooh,  
Don't you know  
I like it,  
I like it

Go for the stars  
And feel the sky  
We gotta do  
That everytime

We're funkin' up  
And I like it  
Now you're getting hot  
Give it all you've got  
We're funkin' it up  
And I like it  
Now you're burnin' up  
Never gonna stop
