And as I look into your eyes
I see an angel in disguise
Sent from God above for me to love
To hold and idolize

And as I hold your body near
I'll see this month through to a year
And then forever on till life is gone
I'll keep your loving near

And now I've finally found my way To lead me down this lonely road All I have to do is follow you To lighten off my load

You treat me like a rose
You give me room to grow
You shone the light of love on me
And gave me air so I can breathe

You open doors that close
In a world where anything goes
You give me strength so I stand tall
Just like a rose

And when I feel like hope is gone You give me strength to carry on Each time I look at you there's something new To keep our loving strong

I hear you whisper in my ear All of the words I long to hear Of how you'll always be here next to me To wipe away my tears

And now I've finally found my way
To lead me down this lonely road
All I have to do is follow you
To lighten off my load

You treat me like a rose
You give me room to grow
You shone the light of love on me
And gave me air so I can breathe

You open doors that close
In a world where anything goes
You give me strength so I stand tall
Just like a rose

And though the seasons change Our love remains the same You face the thunder When the sunshine turns to rain Just like a rose

You treat me like a rose

You give me room to grow
You shone the light of love on me
And gave me air so I can breathe

You open doors that close
In a world where anything goes
You give me strength so I stand tall
Just like a rose

You give me strength so I stand tall Within this bed of earth Just like a rose
