

Riot

A1

I got it wrong I made you angry so it seems
Say I'm a douche bag
But I don't know what that means
I'm in the doghouse baby please throw me a bone
You need some space but I can't bear to be alone

And I don't know how to control your temper
Just breathe in breathe out

I don't like it when you sit there quiet
Say it's nothing but I just don't buy it
Think there's gonna be a riot
A riot
Here we go I know I should start running
See your face and then I know what's coming
Yeah, there's gonna be a riot
A riot

I tried to call you like a hundred times today
You're so black and white
When I'm all different shades of grey
I come around to see you but it only makes it worse
This won't be our last fight
And it sure hell ain't the first

I wanna hear you shout
Let go of your temper
Just breathe in breathe out

I don't like it when you sit there quiet
Say it's nothing but I just don't buy it
Think there's gonna be a riot
A riot
Here we go I know I should start running
See your face and then I know what's coming
Yeah, there's gonna be a riot
A riot

I don't like it when you sit there quiet
Say it's nothing but I just don't buy it
Think there's gonna be a riot
A riot
Here we go I know I should start running
See your face and then I know what's coming
Yeah, there's gonna be a riot
A riot

We've got to make up wo oh oh
We've got to make up wo oh oh
Wo oh oh (4x)

We've got to make up wo oh oh
We've got to make up wo oh oh
Wo oh oh (4x)

I don't like it when you sit there quiet
Say it's nothing but I just don't buy it

Think there's gonna be a riot
A riot
Here we go I know I should start running
See your face and then I know what's coming
Yeah, there's gonna be a riot
A riot

I don't like it when you sit there quiet
Say it's nothing but I just don't buy it
Think there's gonna be a riot
A riot
Here we go I know I should start running
See your face and then I know what's coming
Yeah, there's gonna be a riot
A riot
