

# Ac's Alien Nation

Aaron Carter

AC, AC  
Put your hands up  
Put your hands up  
Put your hands up

Shoulda known something was up  
When I got up  
Something felt funny to me  
From the get up  
Jumped up out of the bed  
With my head up

Guess who was staring at me?  
An ET or an alien  
But he said his name was Steve  
And he didn't look like what I thought he would be  
He said "Aaron, will you help me please  
Get your space suit and come with me"

So we hopped up, in the space truck  
It was all combed out with the system up  
And I thought we were going to Mars  
We made a left  
At the dipper  
Never figured that we'd be here with a space majiggy

We got there and I read a sign  
It said "Welcome AC, it's about time  
Can you show us,  
Can you help us,  
To dance tonight?  
'Cause we have no rhythm  
And we're running outta time"

Roll up to the rock where  
There's a universe of rhythm  
And the beat dont stop in AC's Alien Nation  
Everyone is a cosmic freak  
And we only have one mission  
Gotta move as one in AC's Alien Nation

Listen up  
Here's what you got to do  
You take one step up  
Don't try to take two  
Make sure that you bump your fists like this  
Nod like this, and rock like this

Cuz everybody gotta learn this way  
To a be together, stay together  
Know we gonna inovate  
Moonwalk, star drop  
A universal big top

Circus notice, and you gotta know this  
It really doesn't matter  
If you're short or tall

Green or blue  
Fat or bald  
'Cause I came with a groove  
And I'm proving it all  
Around these parts we don't take no show

With the unity soon to be in the streets  
You can see with your own eyes  
How far we've come  
'Cause we didn't have rhythm, now we've got some  
It's just another day in the AC Nation

Roll up to the rock where  
There's a universe of rhythm  
And the beat don't stop in AC's Alien Nation  
Everyone is a cosmic freak  
And we only have one mission  
Gotta move as one in AC's Alien Nation

You say you wanna dance  
Well, here's your chance  
(Uh, uh) 4-3-2-1  
Break it down, we gonna break it on down  
(Uh, uh)  
Right, right to left  
(Uh, uh)  
Right, right to left  
Up and down and side to side  
C'mon, what, we're gonna bounce like this  
What, what. We gonna pump them fists, what  
AC baby, AC baby, that's where we at C'mon, drop it down  
4-3-2-1  
Drop it down

Roll up to the rock where  
There's a universe of rhythm  
And the beat don't stop in AC's Alien Nation

Roll up to the rock where  
There's a universe of rhythm  
And the beat don't stop in AC's Alien Nation

Roll up to the rock where  
There's a universe of rhythm  
And the beat don't stop in AC's Alien Nation
