

# Crush On You

Aaron Carter

"Whats wrong buddy? Tell me!"

"There is this girl!"

"A girl? You serious? What's the matter, just go for her."

"She likes basketball players, football players, muscle men."

"Listen man, forget about all those other guys, what you need to do is be yourself. Girls like that!"

"Really?"

"Trust me, I know these things.""

"Talent show."

You found it

Kick it

You found out I got a crush on you

You must have heard it from my best friend  
She's always talking when she should be listening  
Can't keep a secret to save her life  
But still I trusted her with all I felt inside  
I never knew a rumor could spread so fast  
But now the word is out all over town  
That I'm longing for you

How did you know cause I never told  
You found out I've got a crush on you  
No more charades my heart's been displayed  
You found out I've got a crush on you

Maybe I was the one who left a trace  
Was there a message written on my face  
Were my emotions so easily read  
That you would know my thoughts  
Before a word was said was it my eyes  
That let you know you had control  
Because the way you move was so self-assured  
You knew I would surrender

How did you know cause I never told  
You found out I've got a crush on you  
No more charades my heart's been displayed  
You found out I've got a crush on you

Kick it, one time, get up, get down

How did you know cause I never told  
You found out  
No more charades my heart's been displayed  
You found out

How did you know cause I never told  
You found out I've got a crush on you  
No more charades my heart's been displayed  
You found out I've got a crush on you

You found out I've got a crush on you  
You found out I've got a crush on you
