

# Crush On You

Aaron Carter

"Whats wrong buddy? Tell me!"

"There is this girl!"

"A girl? You serious? What's the matter, just go for her."

"She likes basketball players, football players, muscle men."

"Listen man, forget about all those other guys, what you need to do is be yourself. Girls like that!"

"Really?"

"Trust me, I know these things.""

"Talent show."

You found it

Kick it

You found out I got a crush on you

You must have heard it from my best friend

She's always talking when she should be listening

Can't keep a secret to save her life

But still I trusted her with all I felt inside

I never knew a rumor could spread so fast

But now the word is out all over town

That I'm longing for you

How did you know cause I never told

You found out I've got a crush on you

No more charades my heart's been displayed

You found out I've got a crush on you

Maybe I was the one who left a trace

Was there a message written on my face

Were my emotions so easily read

That you would know my thoughts

Before a word was said was it my eyes

That let you know you had control

Because the way you move was so self-assured

You knew I would surrender

How did you know cause I never told

You found out I've got a crush on you

No more charades my heart's been displayed

You found out I've got a crush on you

Kick it, one time, get up, get down

How did you know cause I never told

You found out

No more charades my heart's been displayed

You found out

How did you know cause I never told

You found out I've got a crush on you

No more charades my heart's been displayed

You found out I've got a crush on you

You found out I've got a crush on you

You found out I've got a crush on you
