Ooooh...

Ooooh we'll be together Every little Every little step I take I can't sleep at night.. I toss and turn Listen for the telephone When I get your call I'm all choked up Can't believe you called my home And as a matter of fact It blows my mind You would even talk to me Because a boy like you Is like a dream come true A real life fantasy No matter what your friends try to tell ya We were meant to fall in love And we will be together Any kind of weather It's like that It's like that Every little step I take You will be there Every little step I make We'll be together Every little step I take You will be there Every little step I make We'll be together I can't sleep at night I toss and turn Listen for the telephone When I get your call I'm all choked up Can't believe you called my home And as a matter of fact It blows my mind You would even talk to me Because a boy like you Is like a dream come true A real life fantasy No matter what your friends try to tell ya We were meant to fall in love

And we will be together Any kind of weather

Its like that Its like that

Every little step I take
You will be there
Every little step I make
We'll be together
Every little step I take
You will be there
Every little step I make
We'll be together

Every little
Every little step I take
Every little
Every little step I take
Every little
Every little step I take
Every little
Every little
Every little

No matter what your friends try and tell ya We were meant to fall in love
And we will be together
Any kind of weather
Its like that
Its like that... girl!

Every little step I take
You will be there
Every little step I make
We'll be together
Every little step I take
You will be there
Every little step I make
We'll be together
