

Go Jimmy, Jimmy

Aaron Carter

Jimmy? Jimmy who?
Neutron, Neutron, Neutron!
Here go, verse.
I flip the switches in the feet ,With my drop-top rocking to my tune,
I'm a little shooting star in the makin',
Dropping neutron bombs, never fakin',
'Cause I'm heading for the top, no mistakin',
And my destiny's mine for the takin'.
I have to burn this whole rock 'cause it's like that,
Just in case a black hole wanna act up.
In a big-shot movie comin' up'
Take control of my life like a space ship,
But I still keep it real with my parents'
No lip, won't trip while I'm on earth.
When I'm in the Milky Way, it's my way,
Just trust, givin' up ain't an option,
Where I'm going ain't no man ever been.
Light speed, like years...
I'm ahead of them!

Go Jimmy, Jimmy,
That's the voice I hear inside,
(Everybody let's bounce,)
Straight up, come along for the ride.
Go Jimmy, Jimmy,
To the rescue, through the big blue sky,
(Be back before I leave,)
It's Jimmy Neutron time.

Come on...

No time for jittering,
It's my turn at bat like Robin,
Since I'm in the big leagues, no stoppin',
Like a comet on a mission, I'm movin'
'Cause I'm doing my thing now,
Lookin' for the big bang, do you wanna hang?
Make a decision, how you livin'?
Don't be a quitter, I'm gonna fly,
Forget about physics.
Gravity ain't nothin' to me,
Work can't stop me, it's just me,
Hold me back? yeah right, let's see,
Whatever I say, think, trust, I'll be.
So let's ride out, slide out, on a sunbeam,
It's your world, universe, woo-wee!
Split them atoms,
Blow the scene.

Go Jimmy, Jimmy,
That's the voice I hear inside,
(Everybody let's bounce,)
Straight up, come along for the ride.
Go Jimmy, Jimmy,
To the rescue, through the big blue sky,
(Be back before I leave,)
It's Jimmy Neutron time.

Uh, do your thing, yeah do your thing,
Uh, do your thing, anything goes down around here.
Uh, do your thing, yeah do your thing,
(What you got?)
Uh, do your thing, you know I've got to make you dance.

Go Jimmy, Jimmy,
That's the voice I hear inside,
(Everybody let's bounce,)
Straight up, come along for the ride.
Go Jimmy, Jimmy,
To the rescue, through the big blue sky,
(Be back before I leave,)
It's Jimmy Neutron time.

Go Jimmy, Jimmy,
That's the voice I hear inside,
(Everybody let's bounce,)
Straight up, come along for the ride.
Go Jimmy, Jimmy,
To the rescue, through the big blue sky,
(Be back before I leave,)
It's Jimmy Neutron time.
