

# To All The Girls

Aaron Carter

Nana nanana Nana nanana

Let me break it down

I remember sunny days  
Chillin' on the beach  
And catchin' rays  
Shell toed shoes the girls would wear  
Pink bikinis everywhere  
Listenin' to CDs after dark  
Outkast blastin Rosa Parks  
There's so much that we've been through  
There's still so much more to do

Growing up can be so strange  
But some things will never change  
To all the girls that had my back  
I'm with you when it's like that

To all the girls that sang along with me  
To all the girls where I wanna be  
To all the girls from here across the sea  
I wanna thank you for being good to me

To all the girls that I can't wait to see  
To all the girls that held it down with me  
To all the girls that gave me memories  
I wanna thank you for being good to me
