

# Nothing Like You

Aaron Lines

Well I've seen the sunset from the top of a mountain  
And I've walked the streets of Katmandu  
I've seen a sky so full of stars, I couldn't count them  
But I ain't never seen nothing like you

I've felt forgiveness looking out over the ocean  
I've been lonely in a cheap motel  
I've felt love as gently brush against my skin  
But I've never felt nothing like you

You, you're too beautiful for words  
You, you move me so much it hurts  
Never had something I was so afraid to lose  
I never had nothing like you

Well I would give away all of my tomorrows  
Let my soul turn black and blue  
Just to spend one night lost in your arms  
Cause I ain't never had nothing like you  
Never had nothing like you  
Never had nothing like you
