

## A Hard Nut To Crack

Aaron Neville

I play the game of the modern romeo but never in my life did I  
see  
A woman as square as a pool table and twice as green  
I gave you all of my money and all of my loving too  
But now you're goin' around just a telling everybody that I mad  
e a fool of you  
Girl I love you so, why I love you I just don't know

I ask the man from up above, help me to save your love  
I want you  
You're a hard nut to crack  
You take a strong man and break his back

I don't know but I've been told, next to you my life's been col  
d  
You're a demon, Girl, you know you're outta sight

Girl I love you so, why I love you I just don't know  
Ask the man from up above, help me to save your love  
I want you

Know the guy you're giving my money  
And you come home and call me honey  
You look like you made a resolution, took my best friend John a  
nd put him in an institution  
You're a demon, Girl you know you're outta sight

Girl I love you so, why I love you I just don't know  
I ask the man from up above to help me to save your love  
I want you  
You're a hard nut to crack
