

# Beautiful Night

Aaron Neville

I thought it would rain forever  
Caught in the flood  
Reaching for some high ground  
Just before I went down

It's hard for me to remember  
Just how I got through  
Now I'm lying on the cool sand  
Happy here where I am

I look up  
The setting sun is bathing the world with a healing light  
Little darlin', it's gonna be a beautiful night

The rolling of distant thunder  
Trouble ahead  
Now don't you be afraid now  
We'll get through it somehow

Just look up  
The setting sun is bathing the world with a healing light  
Little darlin', it's gonna be a beautiful night

Some like burning all night long  
Some like howling at the moon  
Some just like to sing along  
Cause we get lonely, lonely, we get so lonely

The stars in the sky above me  
Can make me forget everything but you babe, everything but you

I look up  
See your shining smile  
And I know it'll be all right  
Little darlin', it's gonna be a beautiful night

Just look up,  
The setting sun is bathing the world with a healing light  
Little darlin', it's gonna be a beautiful night

Let it rain, let it rain, let it rain, let it rain. let it rain

It's gonna be, gonna be, gonna be, gonna be, gonna be, gonna be
