

When Something Is Wrong With My Baby

Aaron Neville

When something is wrong with my baby, something is wrong with me

And If I know that she's worried, I know I'd feel the same misery

We've been through so much together, we stand as one, that's what makes it better

When something is wrong with my baby, something is wrong with me

And just what she means to me now, oh, you just, you just wouldn't understand

People can say that she's no good, but she's my woman and I know I'm her man

And if he's got a problem, whoa, I know I gotta help him solve them

When something is wrong with my baby, something is wrong with me

When something is wrong with my baby, something is wrong with my baby

When something is wrong with my baby, something is wrong with me
