

Somethin' Bout A Train

Aaron Pritchett

We're all just sittin' around, pickin' away
All the boys in the band are itchin' to play
So we gonna write a song we kinda need a name
Let's call this one...

Somethin' bout a train

I wanna hear drums laying down the beat
Damn that's sweet
I said somethin' bout a train

Well, now there we go, don't that sound good?
If you can't play I bet you wish you could
These guys wanna go around again
So come on boys let's play

Somethin' bout a train
