God Is For Us

Aaron Shust

You work together for our good You are loving You give us more than we deserve You are unfailing And we are more than conquerors Savior In you our future is secure By your power

We will not be shaken We will not be silent Sin is powerless Our God is for us

We will not be broken He won't be defeated Death is powerless Our God is for us

Consider all that He has done Our sin he carried By His wounds we've overcome Now we stand redeemed

And we are more than conquerors Savior In you our future is secure By your power

We will not be shaken
We will not be silent
Sin is powerless
Our God is for us
We will not be broken
He won't be defeated
Death is powerless
Our God is for us

We will sing
Sing out
Sing for the hope
Found in His love
We will sing
Sing out
Sing to our God

We will sing
Sing out
Sing for the hope
Found in His love
We will sing
Sing out
Sing to our God

We will not be shaken We will not be silent Sin is powerless Our God is for us
We will not be broken
He won't be defeated
Death is powerless
Our God is for us

We will not be shaken
We will not be silent
Sin is powerless
Our God is for us
We will not be broken
He won't be defeated
Death is powerless
Our God is for us
