

A December To Remember

Aaron Tippin

I'll search and find that special tree
One that looks just right
Then I'll decorate it perfectly
Even if it takes all night
Then I'll light the fire
Turn the lights down low
And hang up the mistletoe
And make some lasting memories
We'll never forget

A December to remember
Always in our hearts
Spending everyday of the holidays
Wrapped up in each others arms
All I want for Christmas
Is forever to be like this
A December to remember forever more

Don't spend a single cent
On a Christmas gift for me
Cause the thing that I want most of all
Can't be found beneath the tree
It's the loving look that's in your eyes
That money could never buy
And I what I give you in return
Will last throughout the
A December to remember
Always in our hearts
Spending everyday of the holidays
Wrapped up in each others arms
All I want for Christmas
Is forever to be like this
A December to remember forever more
And all I want for Christmas
Is forever to be like this
A December to remember forever more
