

## And I Love You

Aaron Tippin

That alarm sounds without warning  
I wake up and say, "Good morning"  
And I love you

I know sometimes you're still sleeping  
And I still whisper, "Babe I'm leavin'"  
And I love you

You need to know this ain't some kind of sometimes thing  
This is something I will always do  
Yeah the sun it shines, the river winds and the bluebirds sing  
And I love you

While I work I curse the boss  
And I anticipate gettin' off  
And I love you

Oh and there's a little place  
Where everybody goes at 5 o'clock but I drive straight home  
'Cause I love you, honey

Oh, you need to know this ain't some kind of sometimes thing  
It's something I will always do  
Yeah the sun shines, the river winds and the bluebirds sing  
And I love you

Oh, you need to know this ain't some kind of sometimes thing  
It's something I will always do  
Yeah the sun shines, the river winds and the bluebirds sing  
And I love you, oh, I love you

Me holdin' you and you holdin' me  
And every night I fall asleep  
And I love you

Yeah, I love you  
Yeah, I love you  
Yeah, I love you
