

# He Believed

Aaron Tippin

e'd say can't never could do nothin'  
And weights what broke the wagon  
There ain't no fence between right or wrong  
Sometimes you gotta fight if you wanna get along  
You better stand up when that flag gets raised  
Or down on your knees when it's time to pray  
But the greatest thing about him to me  
Was the fact that he believed

He believed in the good Lord above  
A straight shootin rifle and the power of love  
He believed in why the blood was shed  
And if he couldn't be free he'd rather be dead  
And to never give up on your dreams  
But most of all yeah most of all he believed in me

Well he had his own opinion  
About the world and its condition  
Spare the rod spoil the child  
You'll reap what you sow if you let it grow wild  
You just gotta deal with the hand you're dealt  
Never give up and you'll never really fail  
But the greatest thing about dad to me  
Was the fact that he believed

Oh and just because of him I know who I am today  
And just because of that I know where he's gone to stay
