

# If Her Lovin' Don't Kill Me

Aaron Tippin

She burns too hot, plays too rough  
She's got a dress full of dangers stuff  
The way she looks tears me apart  
The way she loves me nearly stops my heart

If her lovin' don't kill me  
Don't put me six feet down  
I'll be the last man standing  
On the top of the hill  
If her lovin' don't kill me  
Then nothing will

My doctor told me I looked kind of ragged  
He said, what happened son, did you fall off the wagon  
I said, it ain't my drinking or my smoking doc  
It's just my drop dead darling rockin' me around the clock and

If her lovin' don't kill me  
Don't put me six feet down  
I'll be the last man standing  
On the top of the hill  
If her lovin' don't kill me  
Then nothing will

Every night she tears me up  
She gives it good and I can't get enough

If her lovin' don't kill me  
Don't put me six feet down  
I'll be the last man standing  
On the top of the hill  
If her lovin' don't kill me  
Then nothing will
