## **People Like Us**

## **Aaron Tippin**

There's a pool hall juke box, sawdust floors Three plays for a quarter, and we still want more Yeah, there's a reason for fast cars and that double yellow lin e Heartbreak songs and good cheap, two dollar wine

'Cause of people like us There's honky tonk music, long neck bottles Rusty old pickup trucks Oh, at last call the lights go up And it's all because of people like us

I got a second hand boat, the last owner is in jail There's second hand smoke, everywhere I exhale There's greasy little truck stops, all night dive No-tell motel's and everybody knows why

'Cause of people like us There's honky tonk music, long neck bottles Rusty old pickup trucks Oh, at last call the lights go up And it's all because of people like us

'Cause of people like us There's honky tonk music, long neck bottles Rusty old pickup trucks Oh, at last call the lights go up

'Cause of people, people like us There's honky tonk music, long neck bottles Rusty old pickup trucks And at last call the lights go up

And it's all because of people like us Late night people like us Hard lovin' people like us Just fun lovin' people like us Hillbilly people like us
