

Somewhere Under The Rainbow

Aaron Tippin

This street that we live on
Ain't no yellow brick road
And this pay check that I bring home
Sure no pot of gold
When people dream they don't wish they wake up
They don't know we got more than enough
Somewhere under the rainbow

Watchin' the late show and livin' on love
Dancin' slow to the radio, yeah holdin' on
Somewhere under the rainbow

Some folks spend there whole life dreaming bout the other side
Well there ain't that far that old blue birds fly
But I'll take forever were the sky aren't always blue
Cause when I'm in your arms I know dreams come true
Somewhere under the rainbow watching the late show

Livin' on love and dancin' slow to the radio
And livin' on love and dancin' slow to the radio
Yeah holdin' on somewhere under the rainbow
