

Standin' On The Promises

Aaron Tippin

A million reasons why I could
But only one why I won't
?Cause the one who'd probably never know
Is the reason that I don't

I can't say that I'm not tempted
I'm just like any other man
But when I walk out of here alone, woman
I hope you understand

That she's standin' on the promises
That she gave to me
So I'm standin' on the promises
I promised her I'd keep

It'd be so easy for anyone
To justify the wrong
Fall right into your arms
And say to hell with being strong

But there's one thing I know for sure
She'd never play this kind of game
And for her faith in our love
I'll do her the same

?Cause she's standin' on the promises
That she gave to me
So I'm standin' on the promises
I promised her I'd keep

Yes, she's standin' on the promises
That she gave to me
So I'm standin' on the promises
I promised her I'd keep
