Girl you don't have to get dolled up, old T-shirt on
you, will do just fine. Besides, you know nothing stays
on you too
long, once you're in these arms of mine. And I've seen
you pretty in pink, I've seen you beautiful in blue. I
have to say,
I love the way my lips look on you.

So lay back baby and close your eyes. Let me run my
fingers through your hair, Soft kisses down the side of
your neck, and
we both know where it goes from there. Girl even after
all these years, lovin you still feels brand new, I
just have to
say, I love the way my lips look on you.

That cotton dress that you wore tonight looked amazing
on you, and that's for sure. And not as good as it does
right now,
lyin there on our bedroom floor. And I like the way I
make you blush, I wanna take you where we've never
been, I wanna
whisper in your ear, I wanna taste your sweet skin

So lay back baby and close your eyes. Let me run my
fingers through your hair, Soft kisses down the side of
your neck, and
we both know where it goes from there. Girl even after
all these years, lovin you still feels brand new, I
just have to
say, I love the way my lips look on you.
